## Walther Leaguers Hold Meeting

With the gift of life the right to live has been given to all; but to none did God give the right to take the life of any human being except to the civil powers. Establishing this fact, the Walther Leaguers continued to discuss the Fifth Commandment at the last meeting held on July 13. Numerous questions relating to the subject were treated. It was shown that lynching is murder; that a person may kill in self-defense but this should be resorted to only in the case of real danger; that a soldier fighting for his country is not guilty of murder. The question of euthanasia, mercy killing, provoked much discussion. It was shown that some doctors and nurses practice euthanasia. However, on the basis of Scripture, no one has the right to take the life of another, even if the excuse is given that life was taken to alleviate suffering. It still remains murder.

The next meeting of the League will be held Tuesday, July 27, at 8 p.m. in the church parlors. It is hoped to have a full report on the Portland convention given at this meeting by the members of the Didsbury League who are attending the conference. The topic leader will be Jean Krebs who will treat the topic "This Is Where I Live—The Christian Home." The Leaguers decided to go bowling at Oids on Tuesday, July 20.

Following the meeting all League members assembled at the Purnage for lunch, served by the Krebs and Konachuk Leaguers. Following this Pastor Fox showed a number of slides of local interest. The meeting was closed by a sing-song.

## CREMONA

Mr. and Mrs. W. R. Hagg are spending a vacation in Ontario. The picture shows are now being held on Saturday night with two shows—the first beginning at 7:30 and the second at 9:30.

Mr. and Mrs. George Camps are holidaying at Drumheller. A well attended show was held in the United Church on Friday afternoon for Mrs. De Winton (nee Nora Campbell). A very enjoyable time was had by all those attending.

Miss A. Spillman of Calgary, a niece of Mrs. T. Thompson, is visiting with Mrs. Thompson and assisting her with house work. Nola Waterstreet is working in the Cremona Cafe.

Mrs. Jim Rattray assisted in the sale on Saturday night. The Neil Rusbys, Weston Bouck and Mrs. Bouck Sr. motored to Banff on Sunday.

Jim Rattray had the misfortune to have his fingers badly crushed in some machinery. He was taken to the doctor in Didsbury.

## POLICE COURT

Ruby Zimmerman of Oids appeared before Police Magistrate D. N. McDonald of Didsbury on July 19 and was fined \$20 and costs or 30 days for being found intoxicated in a public place. The fine and costs were paid.

## Editorial

Property owners will vote again this summer for the waterworks and sewerage by-laws, due to the increase in costs of the system, and at the present time there appears to be a rumor in town that certain local citizens are knocking the proposed system and even going so far as to urge others not to vote for the waterworks or their taxes will be greatly increased. This is a fallacy that taxpayers should be enlightened on, for in reality if the waterworks by-laws are defeated all survey property taxes will then increase in the next two or three years to take care of present expenditures of close to \$10,000, besides additional fire equipment which is badly needed and which will have to be paid for out of current tax revenue should funds not be available from waterworks debentures.

Now if our waterworks by-laws do pass by a two-thirds majority vote, provision is made to include the funds already allocated in survey work, preparing estimates, drilling a new well, etc., and this sum together with the cost of the water system will be spread over a 25-year period, and payments will be made out of revenue from water rates alone. Those who do not have the water will not pay towards the cost of the system unless the water main runs past their property, and then they will pay a frontage tax.

We urge all citizens to get behind the proposed waterworks for Didsbury and to vote for the by-laws when they are presented. A modern town will encourage building of modern homes. New buildings will increase the town assessment and by so doing will provide more revenue at a lower tax rate than we now have. In other words if you want lower taxes in the future vote for the by-laws when they are presented.

## NEWLYWEDS CHARITABLY ON RETURN FROM HONEYMOON

One hundred relatives and neighbors gathered at the home of Mr. and Mrs. Ed Klinek to welcome home the newlyweds, Mr. and Mrs. Ernie Walker, who returned Wednesday, July 14, from a honeymoon spent at Jasper.

After the serving of lunch a short program followed. Piano solos by Carol and Peggy Owens, a duet by Doreen and Penny Rennie, a trio by Alex Robertson and the boys, a solo by Donald Robertson and a comic recitation by Jack Robertson were enjoyed. All departed wishing the bride and groom best wishes for a happily married life.

## Lightning Strikes S. Brander Home

Lightning struck at Sandy Brander's farm on Thursday at about 3 o'clock. The lightning struck the tower of the electric lighting plant and followed into the basement, where it broke two batteries. It seemed to follow the drain pipes up to the sink, where it clung up the enamel of the sink around the drain and faucet and also bent an enamel dish pan, breaking the enamel off it. The lightning also damaged the phone and radio wiring. The Branders are very thankful there was no fire and said it was close enough.

### BANTING-PAPKE

A wedding of interest took place at Knox United Church, Didsbury, on Wednesday, July 7 at 3 p.m. When, Miss Mac, second youngest daughter of Mr. and Mrs. H. Papke of Elkton, became the bride of William Laverne Banting, also of Elkton. Rev. J.W. Bainbridge officiated.

The bride, who was given in marriage by her father, wore a floor-length gown of heavy white crepe which was styled with a round neckline and a deep yoke of sheer, full-length sleeves, fitted bodice and full skirt. Her full-length wedding veil of illusion net was embroidered in soft bow-knots and fell from a beaded coronet arranged in bow design. Her only jewelry was a pearl necklace, the gift of the groom. She carried a bouquet of American Beauty Roses.

Mrs. John Stevenson of Sundre, sister of the bride, was matron of honor. The maid of honor was Miss Deloye Goetjen, niece of the bride. Bedecked with numerous bouquets and bouquet of pink carnations, Marjorie Papke and Jean Stevenson, little nieces of the bride, acted as flower girl and train-bearer, dressed in full-length yellow tulle frocks.

Mr. Herbert Papke was best man and John Stevenson and H. Goetjen acted as ushers.

Mrs. Parsons of Didsbury supplied the wedding music and during the signing of the register Mr. Herbert Goetjen sang "O Perfect Love". The reception which followed was held in the church parlors and tables were laid for forty guests. The beautiful three-tiered wedding cake was flanked with vases of garden flowers. Rev. Bainbridge proposed the toast to the bride, and the groom responded.

After a short honeymoon spent at Banff Mr. and Mrs. Banting will be in the Elkton district.

## PRESERVATION OF THE SOIL

Efficient authorities are concerned over the world food prospects. They say that there are now 3,500,000,000 acres of cultivated land in the world, that this area includes the best land, and that to extend the cultivated area would be difficult and costly and it would be better to use it more intensively.

The world population is steadily increasing. In the year 1950 it was 2,500 million, while the present-day estimate is 2,200 million. Since we must be found to provide the additional food required by the increase in population. One method is to make better use of the good land and to use conservation methods to preserve its productivity. Lack of proper care of the land has been a constant. Over 27 million acres of land has been destroyed in the U.S. that now being known from the state of Kansas. An additional 200 million acres in that nation is now threatened with erosion.

Annulment of food production is needed to maintain peace. Hungry people do not keep treaties, nor will they act with their own hands. Hunger and thirst and still there is an abundance of food there will not be an end to war.

At present individual civilization cannot be built without good agriculture. Farmers must learn to prevent erosion and to conserve soil. The fertility of the soil must be preserved and forests must be maintained.

to prevent quick run-off of accumulated snows and rainfall. Civilization is not yet a success. Where man has lived in organized society for the longest time, the land is in the worst shape. Mankind has wasted the land, skinned off the trees, and leaving the skin behind. A continuation of such wastefulness can only lead to the end of civilized life.

"What shall it profit a nation if it sells the whole world of gold and silver to its own soil?"

## CROP REPORT

Despite the pessimism of the ideal farmers who feel that their crops are below normal, the survey by the Bank of Montreal is more than optimistic for the yield per acre in Alberta. The report issued by the bank says that the crop outlook for the province, if given adequate moisture for the remainder of the season, an average of slightly better than average yield per acre is expected.

The report goes on to say that several rains are needed to keep conditions at the present level. It fell on Monday last in the Olds district and some crops may have suffered as much as 15 per cent damage. In the Hinton district the rain seems to have been the most severe. Hail was reported west of Bowden and in the Pincher and Red Deer regions.

Alberta has been enjoying a fortunate position in regard to her power needs compared to many places in this continent. Newspaper stories and ads in a great many localities cautioned against the unnecessary use of electricity and in some cases rationing of power had to be put into effect.

Here in Alberta the ever increasing demand caused by the post-war building boom and industrial expansion has been successfully met and we hope we shall continue to be able to do so.

Alberta's progressive expansion is in the interests of everyone in our province and, in spite of present difficulties in the way of our plans for further power development, we want that progress to continue so that Alberta will reach her true place in Canada's destiny.

NELSON—SMALLWOOD

Evangelical Immanuel Lutheran Church in Calgary was the scene of a quiet wedding July 14 when Josephine Margaret Smallwood, youngest daughter of Mr. and Mrs. James Smallwood of Didsbury, was united in marriage with Stewart Cheney Nelson, third son of Mr. and Mrs. Eric Nelson of Didsbury. The bride looked beautiful in floor-length white sheer with traditional veil and carried a bouquet of red roses. Her only attendant was her sister, Dorothy, who was also lovely in pink sheer, floor-length, and carrying a bouquet of pink carnations and fern.

The room was supported by his brother, Eric Nelson, and Rev. H. Thiesen, pastor of Immanuel church, performed the ceremony. Following the wedding a reception was held at the home of the bride's parents, Mr. and Mrs. James Smallwood, where about 50 guests partook of the delicious banquet.
